

## Never sink a Rainbow

Musik: Helmut Nagl

Text: Irini-Rene-at

Da läuft irgend etwas falsch  
in unser'm Paradies  
Schatten liegen über unser'm  
Stahl-Beton-Verlies.  
Alarmsirenen rufen auf  
zum Mega-count-down-top-event,  
dem final game mit blue planet,  
während die Lunte brennt.....

There is something going wrong  
in our paradise  
shadow-visions over us  
no more shelter to survive –  
alarming thunder 's rolling down  
turns our future into past –  
little hope is all we have at last.....

**Follow him –  
and they will never sink a Rainbow  
anymore  
we have to do it now,  
we have to save our paradise –  
we have to fight for it....**

Seems we are too young to know  
to old to understand, -  
we are still too blind to see  
how hard the fall, the fall could be...

Listen to your heart –  
a voice 's calling you and me –  
he who lets his arms hang down  
is lost wherever he may be....

Follow her.....  
Follow them....  
Follow me.....
